

TOMATO CLIP

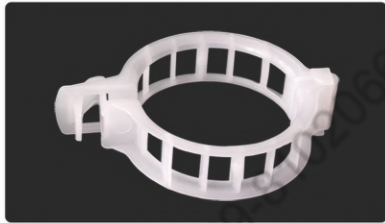

- ◆ Connect plants to trellis twine quickly and easily.
- ◆ Saves time and labor over other trellising methods.
- ◆ Perfect for tomatoes, cucumbers and other vine crops.
- ◆ Aired clip promotes better ventilation and helps prevent botrytis fungus.
- ◆ Quick-release feature allows clips to be moved easily and to be saved and reused for multiple crops throughout a growing season, up to one year.
- ◆ We recommend our RollerPlast White Twine ( 15 meter/49- 1/4' spool ) or our RollerHook® White Twine ( 32 meter/105- 1/4' spool ) to effectively hold clips in place.

## TOMATO TRUSS SUPPORT CLIPS

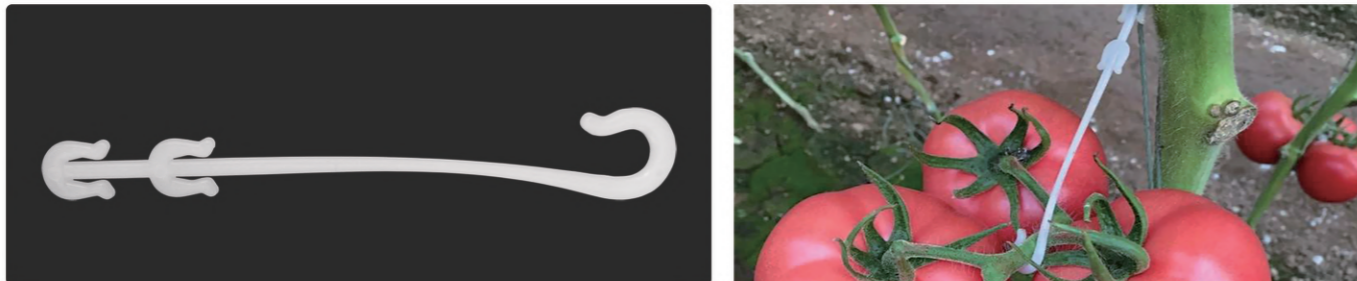

- ◆ Truss Support Clips are used in the tomato growing industry to support fruit trusses.
- ◆ The first trusses on a tomato plant can easily be damaged due to snapping/kinking.
- ◆ A truss support clip is fastened around the truss stem, giving it support and ensuring better fruit quality and increased production.
